This is actually less than I expected!

And, by the way, I am still in the locked up unit of this mental hospital and my dog is still missing alone out somewhere in London!!!

However, I would like to congratulate you on your increasingly positive prospects of Checkers Brexit. Now you have a privileged EU partnership in sight the sort of the one with (my) President Erdogan of Turkey. The UK will be able to claim lots of Euros for being taught animal rights which seems desperately necessary as the list above shows (B II 1). However, with respect to this latest animal and IP abuse I would really appreciate a reply to my email now, whether or not you are going to accept my offer of filing a civil(ised) action for compensation of lost profits and damages in exchange for the cession of these claims. They are much higher than the claims of Vattenfall which they filed against the FRG (I am not sure but I think it was in 2005 shortly after the Tsunami in the Indian Ocean)! For otherwise I am going to ask the Kingdom of Thailand represented in this case by T&G and its Chairman the chief values officer **Khun David** (Mr. David Lyman) to do it alone (maybe in front of an international court in Kampala or Kuala Lumpur), because I am not intending to serve as HI_{sp}V+ (high innovative special purpose vehicle+, short for **modern slave**) any longer!

Thank you very much and best regards

Peter

ps. The following little piece of my kind and art (under pps.) is dedicated to the two last added cc. recipients of this email and their stupid associates in Bremen who still hold our children as hostages in Germany.

(You also can forward it to the two German government mothers one of seven and one of none, i. e. in clear words, deliver it to them or rather deliver them to god if you want to rise your prospects of a plead for mercy from 0 to 10 per cent.)
